LOCATION: On Target Utility Services – Portland, ME
POSITION: Fleet Mechanic
CODE: FT20-2618
REPORTS TO: Field Supervisor
SUBMISSION DEADLINE: Until position is filled

Position Description

This position is responsible for the diagnosis, repair, maintenance and inspection of trucks and various utility related equipment. This is a day time position that requires some overtime and every third Saturday for 4 hours. Starting pay over \$70,000.00 DOE.

Essential Functions

- Diagnose and repair mobile hydraulic systems and related components
- Diesel and gasoline engine diagnosis and repair
- Drive line repairs
- Air, hydraulic, and electric brake diagnosis and repairs
- Welding, cutting and fabrication
- Perform annual/periodic inspections
- Troubleshoot and repair auxiliary electrical systems and components as needed
- Maintain close contact with internal customers to assess the effectiveness and quality of services provided
- Work evening shift and be available for day shift including occasional Saturdays to cover absences and heavy workloads

Knowledge/Education

- Experience in automotive/truck technology required; Graduate of post-secondary automotive/truck technology program preferred.
- Must have own tools.
- Ability to obtain ASE certification in heavy truck
- Experience in mobile hydraulic diagnosis and repair
- Class A preferred; minimum Class B acceptable with requirement to obtain Class A within one year of date of hire
- Ability to obtain Class A, D, and E Maine State Inspection licenses

Leadership/Teamwork

- Must be able to work closely with other technicians and customers with a limited amount of supervision.
- Ability to work independently and, as required, coordinate and prioritize mechanical support services to meet departmental needs.

Physical Requirements

- Must be able to lift up to Seventy-five (75) pounds
- Must be able to reach and grab tools and equipment
- Must be able to stand in one place for long periods of time
